EXPERIENCE  
OFF-ROAD  
DRIVING WITH  
THE EXPERTS

## EXPLORE A NEW WORLD OF ADVENTURE WITH LAND ROVER EXPERIENCE

Enjoy the great outdoors while developing off-road skills to tackle the most extreme terrain. You'll drive the latest Land Rover models and enjoy one-to-one coaching from an expert instructor at your side. Whether you've never driven off-road or are a seasoned pro, you'll quickly build confidence, refine your techniques and have fun along the way.

### THE EXPERIENCES

Start with a **one or two hour Experience**. You'll be personally coached in essential skills within the controlled environment of our purpose-built training areas. Take to the **Trails**. Develop your skills on nearby natural trails. Each location offers miles of trails with diverse terrain, challenging obstacles and magnificent scenery. Go farther with a **Full-Day Adventure**. Tackle longer, more varied trails on an all-day expedition, and enjoy a picnic lunch in a remote awe-inspiring location.

### GROUP & TEAM-BUILDING PROGRAMS

Land Rover Experience offers unique group sessions. Whether you're celebrating business performance, developing better working relationships, team-building, or enjoying an exclusive family and friends reunion, each program is individually designed to meet your group's objectives. Clay-pigeon shooting, archery, fishing and golf may also be available to round out your day.

### SKILLS FOR EVERY SEASON

With personal coaching from an expert Land Rover Instructor, you'll experience the capability of the very latest Land Rover vehicles. You'll develop skills and techniques to tackle the most challenging terrain, which will inspire confidence on your everyday adventures.

#### GRASS, GRAVEL, SNOW

Wet grass can be surprisingly slick, and gravel presents a constantly changing, low-grip surface. You'll learn to modulate the accelerator and use steady momentum to carry you through. In winter, snow cover may be a bonus at our Vermont location.

#### MUD & RUTS

To tackle deeply rutted trails, you'll often use Low Range, which maximizes torque to all four wheels. You'll learn to steer precisely, finding the best path to avoid wheelspin.

#### WATER CROSSINGS

There's a special technique to perform a safe and worry-free water crossing, creating a bow-wave with just the right speed.

#### ROCK CRAWL

This can be the most daunting obstacle, requiring very slow speeds, and precise and deliberate vehicle control. It takes finesse, which you'll develop with the help of your Land Rover Experience Driving Instructor.
